Introducing Sage Kingston, the latest condominium by innovator IN8 Developments

IN8 Developments

IN8 Developments is the innovator behind the Sage Condominium projects originally developed and constructed in Waterloo Region. Sage Condominium developments offer an unparalleled living experience for the demanding and fast-paced student lifestyle.

Like the other Sage Condo communities, Sage Kingston comes complete with hotel-style amenities, and is designed to encourage students to stay active and healthy while providing an atmosphere where they can thrive.

Sage Kingston will be the first Sage Condo constructed in Kingston and will house 325 suites, comprising of studio, one bedroom, two bedroom and three bedroom suites.

Additionally, Sage Kingston will include a retail level, green study atrium and an impressive lobby.

All Sage projects have fully leased every year earning guaranteed lease rates.

IN8 Developments

A PROVEN SUCCESS

The Sage Condominium concept has proven to be a successful and profitable investment. Since the original Sage Condo project was completed in 2013, IN8 has been the leading developer of student condominiums with 12 Sage Condo projects in their portfolio to date.

Investors of our first Waterloo projects realized an accelerated performance in capital appreciation due to the increased pricing in our subsequent projects. Buyers of one bedroom units in Sage II realized a 50% appreciation in the value of their condo versus the price in Sage Platinum four years later.

Realize the benefits of investing now and watch your capital grow. Be among the first to purchase in our first Sage Condominium in Kingston.

WHY INVEST IN KINGSTON?

Growth of student housing has not kept pace with school growth. Kingston has the lowest vacancy rate in Ontario.

When we look for opportunities for Sage Condominium projects, we look at the local market. **THE OVERALL VACANCY RATE FOR 1 TO 3 BEDROOM PLACES IN KINGSTON DECREASED IN 2018 TO 0.4%***. This is the lowest the vacancy rate has been in decades, likely due to factors such as the number of students that move to Kingston to attend Queen's University where there are only approximately 4,500 beds on campus and the heritage protected neighbourhoods surrounding the school.

With limited supply of accomodations, rental rates in Kingston have moved up. Currently Kingston has the 3rd highest rates in Ontario coming in behind only Toronto and Ottawa.

Sage Kingston will provide a premium product to an in-demand, under served market.

Current supply of student rentals are 50-100 year old houses with no amenities

SUPPLY SHORTAGE

- As Queen's University is surrounded by heritage protected 2 storey residential neighbourhoods, Princess Street is the closest possible street to develop a condo building
- Atlas Group construction cost guidelines show Kingston to be 10% more costly than Toronto in part caused by excavation costs of the limestone bedrock Kingston sits upon
- Heritage protection creates very few lots that can be developed. The higher construction costs will also deter builders from entering Kingston
- New buildings hold more value over time due to coniduned shortage of supply and minimal competition

**KINGSTON, ONTARIO
\$800/MONTH**

**WATERLOO/HAMILTON, ONTARIO
\$500/MONTH**

Students in Kingston pay 40% more per bedroom in a 5-7 bedroom house compared to Hamilton and Waterloo markets

Private 1 and 2 bedroom luxury accomodations are highly sought after, with people willing to pay extra for amenities and their own space.

QUICK FACTS

Clearly **low supply has led to record low vacancy rates.** **Wealthy students** and a growing number of **international students** desire luxury private accomodations, and they **can afford higher prices.** This creates the perfect environment for very high & sustainable **rental rate growth**
